			<b>Total</b>	<b>\$57,234.00</b>

**Tax:** Unless otherwise indicated, sales prices do not include, and Purchaser is responsible for and agrees to pay (unless Purchaser shall provide Seller at the time an order is submitted with exemption certificate or other documents acceptable to taxing or custom authorities), all sales, use, value added, excise and all other federal, state or local or foreign taxes, import or customs fees and duties associated with an order, however designated, except for Seller's franchise taxes and taxes on Seller's net income. If applicable, a separate charge for taxes will be shown on Seller's invoice. Some taxes may not be known at the time of quotation. These taxes will be added to the final contract amount and Purchaser agrees to pay all such taxes.

**Freight:** Freight charges unless otherwise noted includes only delivery to dock or curbside, all unloading, set in place and leveling by customer. Lift gate delivery is available at an additional charge.

**Inspection of Freight:** To protect your investment, the bill of lading must only be signed after the merchandise is inspected. If this step is not taken and damage has occurred, there is no recourse with the freight company for resolution or reimbursement.

**Prices:** Prices are good for 30 days unless otherwise stated

**Returns:** No returns will be accepted without prior written authorization of the Seller. Returns are subject to a minimum 30% restocking charge. Purchaser shall be responsible for the cost of freight to return products. Notwithstanding the foregoing, no returns are permitted with respect to custom design and fabricated equipment and furniture.

**Specific Exclusions:** Unless otherwise stated the pricing on this contract is for equipment only and does not include freight, tax, delivery or set in place. In addition all electrical, mechanical, HVAC, plumbing materials and labor, and the fees permits and licenses associated with such work are excluded unless otherwise indicated. This exclusion includes but is not limited to the following: 1. Plumbing, gas piping, refrigeration drainline installation, hanging of hand sinks, all faucet and garbage disposal installation and setup, 2. Caulking of sinks, tables and other items, 3. Plumbing, electrical and other final connections, 4. Ductwork and all penetrations within building, and all balancing of exhaust hoods and makeup air, 5. Walkin cooler/freezer piping and penetrations, hanging of evaporator coils, condenser and compressor placement, defrost timer connection and all necessary heat tape, 6. Floor tile, grout, concrete, grout leveling, and concrete leveling. 7. Concrete curbs, concrete filler, and/or sand filler. 8. Supports/blocking for FS equipment. 9. Insulation, vapor barrier, and wear slabs at the freezers and coolers.

**Terms & Conditions:** Our standard terms require 100% payment in advance of merchandise shipping. If buyer chooses to use a credit card for payment 4% will be added to the sell price of the contract. Terms other than this will require credit applications and trade references, which may take up to 3 weeks to complete. Final contract will require signature and completion of our standard contract form which includes all terms and conditions as stated on the face page of the Seller's Conditional Sales Contract or AIA Contract documentation as appropriate.

Job \_\_\_\_\_

**FERMOD®**

was the very first company in the world to create and produce the concept of aluminum shelving and is the number one brand of food-grade shelving in Europe.

The shelving is of extruded and anodized aluminum construction with polymer inserts. The uprights are pre-assembled at the factory and the side rails ship with the polymer inserts. Assembly is via machined aluminum conical clamps that snap into pre-drilled holes in the uprights. The product is very easy to clean, very light, simple to assemble (no tools required), and comes with a **lifetime warranty against rust and corrosion**. We offer starter and expansion units as well as very comprehensive room configurations with open corners for all your shelving needs which also include mobile shelving, dunnage, and keg racks. We also have a unique capability in the industry to fully customize multiple rooms while fully communicating the layout specifications to the customer – thus creating MUCH less work on the part of the assembly team.

- High rigidity and stability due to (patented) assembly with conical anodized aluminium clips.
- Corner configuration available with full-depth connection and complete unobstructed access with the possibility of combining two different depths of shelving at the corners
- Uprights delivered fully assembled from the factory
- Tool-less quick and easy assembly with adjustable feet
- Incremental height adjustment in 6 in. (150mm) increments without the use of any tools
- Easy cleaning via the use of removable (and dish-washable) shelf inserts (machine washable up to 100°C)
- Maximum weight/level : 800 lbs. per shelf over an evenly distributed load (600 lbs. per shelf for shelves longer than 47")
- Maximum weigh/unit: 2000 lbs. between two uprights, and 1300 lbs. between two uprights with angle configuration.
- NSF Certified
- Product is packaged in pre-perforated shrink-wrapped plastic, requiring only a finger to open!
- Three depths (14", 18", and 22"), three heights (66", 71", and 83") and ten lengths available
- We have a unique capability to fully customize multiple rooms while communicating the layout specifications to the customer – thus creating MUCH less work on the part of the assembly team.
- Fermod shelving will not corrode or rust! No more complaints from health inspectors! We offer a **lifetime warranty against rust and corrosion!**
